DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 19, line 2, "as claimed in claim 1" has been changed to

"as claimed in claim 13".

(But after renumbering, as detailed below, the phrase would switch back to "as claimed in claim 1").

Allowable Subject Matter

3. Claims 13-24 (to be renumbered 1-12) are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a magnetic memory unit having all limitations as recited in claim 1, comprising two magnetizable electrodes sandwiching a nanotube in a longitudinal direction,

Art Unit: 2818

coupling the nanotube by longitudinal ends, wherein a storage information item is stored in the memory unit in a nonvolatile manner by setting a magnetization direction of one of the two electrodes by an external magnetic field.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Copies of the references are not being furnished with this Office Action per MPEP § 707.05(a).

a) U.S. Patent 6,452,239 to McDowell et al. discloses a magnetic memory element having a magnetic tube.

b) U.S. Patent 6,172,902 to Wegrowe et al. discloses a NVRAM having multiple-layer ferromagnetic nanowire sandwiched by two contacts, one of which is of gold or platinum.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tu-Tu Ho whose telephone number is (571) 272-1778. The examiner can normally be reached on 6:30 am - 5:00 pm.
